# Science Icons

Icons for open-source science publishing, made with love by ❖ Curvenote.

## Usage

Using `scienceicons` can be completed by

```
#import "@preview/scienceicons": OpenAccessIcon

This article is Open Access #OpenAccessIcon(color: orange, height: 1.1em,
baseline: 20%)
```
> This article is Open Access 🔓

## Arguments

The arguments for each icon are:

- `color`: A typst color, `red`, `red.darken(20%)`, `color(#FF0000)`, etc. Default is `black`.
- `height`: The height of the icon, by default this is slightly larger than the text height at `1.1em`
- `baseline`: Change the baseline of the box surrounding the icon, moving the icon up and down. Default is `13.5%`.

Additionally the raw SVG text for each icon can be found by replacing `Icon` with `Svg`.

## List of Icons

| | | | |
|---|---|---|---|
| ArxivIcon() | ⨉ | CcByIcon() | 🛈 |
| CcNcIcon() | 🛇 | CcNdIcon() | ⊜ |
| CcSaIcon() | ◎ | CcZeroIcon() | ⓪ |
| CcIcon() | ㏄ | CurvenoteIcon() | ❖ |
| DiscordIcon() | 🎮 | EmailIcon() | ✉ |
| GithubIcon() | ⚆ | JupyterBookIcon() | JB |
| JupyterTextIcon() | jupyter | JupyterIcon() | ◠ |
| LinkedinIcon() | in | MastodonIcon() | 🐘 |
| MystIcon() | M | OpenAccessIcon() | 🔓 |
| OrcidIcon() | 🆔 | OsiIcon() | ⌢ |
| RorIcon() | ROR | SlackIcon() | ✳ |
| TwitterIcon() | 🐦 | WebsiteIcon() | 🌐 |
| YoutubeIcon() | ▶ | | |

All icons can also be accessed by their SVG text directly. For example, `YoutubeSvg`, which is a string.
